

# What can we learn from government spending data?

- Every year the Queensland Government spends billions of dollars on a wide range of goods and services to support the delivery of frontline services for Queenslanders.
- Queensland Government purchasing activities align with the [Queensland Procurement Policy](#), and from 1 July 2019 details of awarded contracts over \$10,000 are published on the [data.qld.gov.au](http://data.qld.gov.au) portal.
- You can search “[Contract Disclosure](#)” to see a list.
- Can you identify savings, highlight efficiencies or extract any other insights?

## How to prepare your solution:

1. Think about the challenge question and additional information above.
2. Search for data to use. Your solution must use at least one dataset from [data.qld.gov.au](http://data.qld.gov.au) however you can mix and match this with data from other sources.
3. Develop a unique, creative solution to the challenge question. Check out [last year's winners](#) for some examples.
4. [Prepare your 3-minute video](#) based on GovHack's guidelines.
5. [Submit your solution](#) including the video and a minimum viable product via the Hackerspace.
6. Get ready for the awards night!
